Subject Title: Backflow Device Testing

Presenter Name(s): Wayne Wilhelm

SUBJECT HIGHLIGHTS:

In March 2004 Public Works went before Council with the newly implemented Federal regulation that backflow devices must be installed on all commercial water services, and all irrigation services.

Although the recommendation at that time was to conduct annual testing, council opted for biennium testing to allow customers to become familiar with the new process.

At this time Public works would like to revisit the Town ordinance recommending that we require annual testing for residential and commercial customers. Due to the influx in population over the last 14 years the risk for contamination is even greater. We take integrity in the quality of our Town's water supply very seriously and believe this amendment would be in the best interest of the Town.

Both the EPA Cross-Connection Control Manual and the user manual of most commonly installed device in Holly Springs recommend annual testing. Most surrounding municipalities require annual testing.

Adoption of Ordinance 18-10 (attached) would make this change.

Total Number of Motions: 1

Action(s) requested or suggested motion(s):

Motion to adopt Ordinance 18-10 requiring annual certification of backflow prevention devices.

Funds, if applicable, are to be appropriated from account(s) / line item(s):

SUBJECT IN GREATER DETAIL, IF NEEDED:

The current ordinance reads:

Sec. 16-144. - Certification required.

(b) Testing of backflow prevention assemblies shall be made by a certified backflow prevention assembly tester approved by the town. Such tests are to be conducted upon installation and at least once every two years. A record of all testing and repairs is to be retained by the consumer. Copies of the records must be provided to the town within ten business days after the completion of any testing, and/or repair work.

Proposed:

(b) Testing of backflow prevention assemblies shall be made by a certified backflow prevention assembly tester approved by the town. Such tests are to be conducted upon installation and *annually* thereafter. A record of all testing and repairs is to be retained by the consumer. Copies of the records must be provided to the town within ten business days after the completion of any testing, and/or repair work.

*Upon council approval every effort will be made to disburse this information to residents to inform of the change via Town website, Social Media, etc.
