

## HOLLY SPRINGS

COMPREHENSIVE TRANSPORTATION PLAN

### ANNOUNCEMENTS

#### Stop by our Booth!

The project team will be at the Farmer's Market on Juneteenth!

We want to hear your thoughts, because planning is incomplete without you! Therefore, please stop by our booth on June 19 for an interactive activity, to provide your feedback, and to review preliminary analyses and recommendations of modal components.

(Event details below)

### What's New

The Comprehensive Transportation Plan will include recommendations to improve safety and enhance operations at specific intersections and along corridors. The project team has identified locations based on data and feedback from our stakeholders, Steering Committee, and you!

#### Safety Studies

The safety study locations are:

- Cass Holt Road at Rex Road intersection
- Main Street at Earp Street intersection
- NC 55 corridor from Bennet Knoll Parkway to Ralph Stephens Road - with a specific focus on biking and walking

#### Special Studies

The special study or "Hot Spot" locations for upgrades and enhancement opportunities are:

- Northeast quadrant of NC 55 at New Hill Road/Holly Springs Road
- Avent Ferry Road at Cass Holt Road intersection
- New Hill Road at Grand Hill Place and Old Holly Springs Apex Road intersections
- Main Street at 3rd Street intersection

### Upcoming Events

#### Juneteenth

Date: Saturday, June 19, 2021

Time: 8 a.m. - 12 p.m.

Location: Holly Springs Farmer's Market
